

YOUR BEST CHOICE FOR ACCESS CONTROLS

GATE HARDWARE

WELCOME

At Electric Gate Store, our team of professionals are ready to assist you on all your installation needs.

We pride ourselves in keeping one of the largest inventories in this industry. Items we have in stock on a regular basis, but not limited to, include: gate operators, garage door openers, telephone entry systems, access controls, gate hardware, detection devices, service and maintenance parts and any other item related to the automatic gate industry.

Our customers benefit from our technical support team whom have real experience in the field. We can assist in choosing the right equipment for a specific job application, as well as help troubleshoot an existing problem.

At Electric Gate Store, we will stand behind you as your business grows. We know that sometimes it isn't how much you work that creates a successful business, but how effective you can be and we are here to help!

This handbook is for you, the professional installer. It includes the best equipment this industry has to offer, and it is intended to be used as a quick reference handbook. We hope our handbook will be a useful tool, and we thank you for making Electric Gate Store your best choice for access controls.

TERMS OF SALE

Customer is aware that there are no returns, refunds, or exchanges for equipment that is suspected to have been in use or installed after purchase. No returns refunds or exchanges will be given to unused equipment that is not returned in its original packaging. If packaging is torn or damaged, restocking fees will be applied. The restocking fee for returned items is 15% of the item purchase price. Electric Gate Store, Inc. reserves the rights to determine if equipment is deemed returnable. No returns, refunds or exchanges will be given for equipment returned after 30 days.

WARRANTY OF EQUIPMENT

All warranties will be honored by the manufacturer, not by Electric Gate Store, Inc. All warranties are subject to manufacturer's policies. All repairs, must be issued an RMA number before they can be sent out for repair. Customer is responsible for any shipping charges for equipment being sent out to the manufacturer for repair. Manufacturer determines if item being sent out for repair is under warranty terms. Customer understands that Electric Gate Store, Inc. is not responsible for any charges, damages, or losses when equipment is being sent out for repair.

PRICING

The prices in this handbook are subject to change. Electric Gate Store, Inc. has the right to change the prices without notice. All prices listed are suggested list prices and may vary depending on parts, items or additional options. Additional charges for shipping will be applied.
